

ROYALTY[®]

QUALITY IS OUR IDENTITY

INTRODUCTION

The ROYALTY formally known as radwan general trading llc, was established in dubai in the year of 1986 is among the most well known companies operating in the UAEs business capital dubai. ROYALTY is proud to have gained the loyalty of its clients and customers by always striving to improve the quality of its products and services. The royalty is well known across the region and deals in the import & export of gasoline generators, diesel generators, gasoline & diesel water pumps, high pressure washers, construction machineries, agricultural machineries, deep well electric submersible pumps, solar submersible pumps, electric water pumps, air compressors, welding machines & battery chargers, power sprayers, pvc hoses, digital scales, aluminum ladders, power tools, power inverters, solar panels & controllers, air conditions, water air coolers, solar lights and batteries. We pride ourselves in being a world-class company that helps its consumers and businesses achieve their goals through our commitment to strategic growth, outstanding products and excellence in customer service.

QUALITY PRODUCTS

There is nothing more precious than good reputation, this is accomplished by doing our best to provide our customers with excellent quality products at competitive prices and offering them professional, timely and personalized services. ROYALTY always contributes creation of safe, secure and prosperous customer trust through quality products that serve customer, communities and the global environment.

AFTER SALES SERVICE

The concept of after sales service is as important as sales. While it does not generate any revenue for the company, it surely does increase the goodwill of the organization in the market and amongst the customers. After sales service is very important to not only retain the customers but also to bring back lost customers. After sales service could be defined as the processes which are followed post the sale of the product. The nature of the services includes maintenance, guidance, replacement, repair etc.

QUICK DELIVERY

With many years of experience behind us, we realize the importance of timely deliveries and have developed a state-of-the-art logistics system to ensure that our customers get their orders delivered to their doorstep as early as possible. We have invested heavily in developing out logistics infrastructure that is backed by a fleet of several pick-ups and dedicated staff managing the inventory and deliveries section.

ROYALTY VISION

Our vision is to be recognized as one of the most trusted, dedicated and professional General Trading Company in the emirate of Dubai, United Arab Emirates. We are always keen to find best practices to achieve our Vision.

ROYALTY MISSION

Our Mission is to Ensure availability of affordable, durable and dependable Plants, Equipment and Machinery to our valued customers.

We are constantly striving to meet our mission all the times.

ROYALTY VALUES

- We constantly strive to offer best value on most competitive and attractive price.
- We respect customers, listen to their suggestions & complaints and act appropriately.
- We have customer centric approach.
- We invest in Research & Development, Quality
- Control and staff capacity building.

ROYALTY INTEGRITY

Practicing generally accepted accounting principles, Trust-in-selling, honest and transparent management practices, efficient after sale service, Personal integrity and product integrity are some of the building blocks of the Royalty integrity.
